2020 SUPPLIER NEWS GUIDELINES

SUBMISSION GUIDELINES

FORMAT: All emails must come in a format that can be edited (e.g. a word doc, PDF and/or text within the email)

WORD COUNT: Between 400-600 max words. Paragraphs followed by dot points work best online.

IMAGES: We require one image to be sent with each article. Ideal image ratio: 3/4 (width x height). At 1024 x 768 pixels or larger.

MAX EMAIL SIZE: 8MB

TIMING/SCHEDULING: if accepted, articles will be published in the next issue. We are unable to process more than one article for each sustaining member per issue. If sending more than one article, please attach each article to separate emails, and mark in order of priority (e.g. publish this 1st, 2nd, 3rd etc). This allows us to file and publish accordingly, and to ensure that your most recent news is not out-dated when finally published.

PUBLICATION NOTE: Articles will be assessed for relevance to Appita magazine readers, and it is up to the editorial team's discretion whether the submitted article is published.

WHY SUBMIT A SUPPLIER NEWS ARTICLE?

The Supplier News section of the magazine is designed for Appita Sustaining members to showcase their product or service, and demonstrate expertise in their associated field. Case studies have been proven to be one of the most effective ways of marketing a firm's expertise, product and services. Case studies provide the opportunity to serve up the most impressive statistics possible about time saved, costs reduced or other big wins.

WHO WILL READ YOUR ARTICLE?

Reach out to decision makers across the sector. Appita's readership includes managers, engineers, scientists, academics, and suppliers from across the pulp, paper, packaging and bioproducts sector. Readers who want to learn about new and innovative products and services, as well as find inspiration from case studies that provide real solutions to industry problems.

WHAT WORKS BEST?

- Case studies about products and services – articles that demonstrate how a product or service is being used effectively or innovatively to solve industry issues or provide business/process improvements
- A new product or service – focusing on key features and benefits
- Company news – awards and achievements related to new developments, new projects, solutions and R&D

SEND SUBMISSIONS TO:

Jenny Ponter
