

FIELD TRIP TO SEQUAL LUMBER

Thursday 10th April, 3:00 – 4:30pm

Sequal Lumber is a New Zealand-based company specializing in the production and export of custom-cut Radiata Pine lumber. Situated in Kawerau, within the Bay of Plenty region, the company serves markets across Australasia, Asia, and the Middle East. Their products are commonly used in furniture manufacturing, construction, pallets, and packaging. Sequal Lumber is committed to sustainability, sourcing timber from 100% FSC-certified forests and utilizing renewable energy sources, including geothermal power, at their plant.

Come join us and learn more about Sequal Lumber and their success despite the downturn faced by many sawmills.

Directions: The site is located at 16 Manukorihi Drive, Kawerau. Parking on site.

PPE Required: Hi-vis vest, safety glasses, earmuffs / hearing protection and covered shoes.

This will be a walking tour in groups of around 10 people each.
