Issue 1 / Jan - Mar 2026

12

PANEL
Creating Value: The Road Ahead for Pulp, Paper & Packaging
Moderator: David Platt, Co-Founder & CEO, Resilient Futures

PEOPLE & COMMUNITY
FUTUREPROOF 2026 CONFERENCE
2026 Appita Conference exploring how energy, value chains and industry alignment are reshaping competitiveness

24

PACKAGING & SUSTAINABILITY
COMPETING WITH PLASTIC ON MARGIN, SCALE AND SYSTEM COMPATIBILITY
How fibre can compete by aligning economics, performance and system compatibility

28

PACKAGING & SUSTAINABILITY
PFAS IN FIBRE-BASED PACKAGING: IMPLICATIONS FOR RECYCLING AND COMPOSTING
How PFAS is influencing material choices, regulation and end-of-life outcomes

18

INDUSTRY LEADERSHIP
CAPABILITY DEVELOPMENT: STILL THE BEST INVESTMENT WE CAN MAKE
Why building workforce capability remains central to long-term industry performance

30

PACKAGING & SUSTAINABILITY
COULD FIBRE-BASED PACKAGING REPLACE PLASTIC?
Assessing the opportunities and limitations shaping fibre as an alternative

32

INDUSTRY LEADERSHIP
BEYOND COMPLIANCE: STRENGTHENING LEADERSHIP COMMITMENT
How commitment and capability combine to deliver operational excellence on site

34

PACKAGING & SUSTAINABILITY
FOUR KEY TRENDS DRIVING DEMAND FOR MOULDED PULP
The key market, regulatory and innovation forces accelerating fibre-based packaging adoption

36

PACKAGING & SUSTAINABILITY
REPLACING PLASTICS WITH RECYCLABLE PAPER PACKAGING

How fibre-based packaging is advancing practical circular solutions

EDITORIAL

Paper breaks the mould

Russell Allan, Appita Editor in Chief

3

ACROSS THE DESK

Supplier news, design and new tech

6

38

ENERGY TRANSITION
FIVE KEY CONSIDERATIONS FOR MILLS EVALUATING THEIR FUTURE ENERGY OPTIONS

A practical framework for navigating cost, decarbonisation and technology pathways

INDUSTRY NEWS

L.R. Benjamin Medal

Jan Snyman Awarded the 2026 Appita L.R. Benjamin Medal

10

40

TECHNOLOGY & INNOVATION
VALMET INTRODUCES NEW BIONEER PRESS ROLL COVERS WITH REDUCED CARBON FOOTPRINT

Strategic Leadership for a Changing Industry

44

TECHNOLOGY & INNOVATION
PACKAGING BREAKTHROUGHS: FLEXOGRAPHIC APPLIED BARRIER COATINGS

New coating technologies improving barrier performance while maintaining recyclability

46

TECHNOLOGY & INNOVATION
WHEN DO YOU NEED DESIGN VERIFICATION OF PRESSURE EQUIPMENT IN NEW ZEALAND

A practical guide to compliance requirements and engineering risk management
